To whom it ^{25 4 PM '99 MAY 19 PA 37} may concern:

I absolutely urge you to always label every product that has been irradiated, or has an irradiated ingredient, with a conspicuous label or the radura logo. There should be no expiration for this warning.

As a consumer and educator, I am concerned, and I hope your administration will choose the accurate, responsible labels on irradiated food as a proper public warning.

Thank you very much.

Sincerely,

~~Alexis~~
